

How to Discover and Access Affiliated Libraries Materials

Search & Discover in the Library Catalog Ex Libris Primo

Note that the number of results influences the display of the results.

Enter a search term.

It is not possible to preset the library and location before executing an initial search.

Filter for "library" facet first, then choose from the "location" facet.

Individual AFLs may not display until the "location" facet is selected.

Example:

"structure" yields a large number of results in Primo (over 114,000). From the results, select "Library" facet and then click on "UF Architecture & Fine Arts Library" (5,122 results). Next, select "Location" facet to see holdings at a specific Affiliated Library, in this case UF Architecture & Fine Arts Library -CityLab-Orlando (188 records).

The image shows two screenshots of the Primo search interface. The left screenshot shows the 'Library' facet with a red arrow pointing to the 'UF Architecture & Fine Arts Library' option, which is circled in red. The right screenshot shows the 'Location' facet with a red arrow pointing to the 'UF Architecture & Fine Arts Library - CityLab-Orlando' option, which is also circled in red.

Library	Count
Education Library	2,110
FLARE	16,136
Jacksonville UFHSC	216
Jupiter UFHSC	224
Library West	19,867
Library West, Judaica Library	716
